

VILLAGE OF PARKWAY SEWER TAP PERMIT

For the sum of \$100.00 permission is given to _____
to connect to the Village of Parkway Sewer System.

All customers must comply with the Sewer Use Ordinance and the User Charge Ordinance of the Village of Parkway. The customer will be responsible for seeing that only sewage and waste water will be discharged into the system. There cannot be any oil, fuel, chemicals, gutter drains, drain tiles, garage drains, or no storm water.

Customers is responsible for the hook up from the home to the main line. Septic tank is to be bypassed and filled in. A running trap is to be installed between the main and the connection.

All lines have to be inspected by the Village prior to covering. A 24-hour notice is needed. Please call 636-629-9961 or Robert Pelton at 636-629-3979 to set up the inspection. The Village of Parkway will not be responsible for any sewage backup.
